Product:	ACOSPRAY DC2 2.0 5-25MM ATRIUM / EDGE 2	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings. The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM EXPANSION JOINT	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

1 - spray ceiling
2 - mount stucco-profile!

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM STUCCO MOLDING PREFAB	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4	 seamless acoustical spray- and plasterwork		

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM DIFFERENT COLOURS/TYPE	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM CONTINUOUS CEILING	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4	 seamless acoustical spray- and plasterwork		

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

! to be determined by architect / client before application.
 Esthetic end result varies

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
 Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM ELECTRICAL TUBE	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4	 seamless acoustical spray- and plasterwork		

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
 The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq

Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM U-PROFILE, LIGHT/LED LINE	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.

The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM TUBE TRANSIT	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
 Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC 2.0 5-25MM CURVED SURFACE	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
 The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
 Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM STEEL DECK	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4	 seamless acoustical spray- and plasterwork		

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings. The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.

NOTE:

- Acosorb products always need to be applied accordingly to the instructions by Acosorb on clean, dry and non expanding surfaces like concrete, gypsum or eq
 Dimensions of profiles and other products depends on the applied thickness of Acosorb product.

Product:	ACOSPRAY DC2 2.0 5-25MM HORIZONTAL DETAIL	Date:	V1.0 2019	info@acosorb.com
Scale:	1:2	Drawn by:	ACOSORB	WWW.ACOSORB.COM
Papersize:	A4			 seamless acoustical spray- and plasterwork

* These details are basic principle drawings. This drawing does not function as or will replace any execution drawings.
 The client or contractor is responsible for the correct application of the product. All dimensions need to be checked by client or contractor.
